How many times have you wished you had an extra copy of a die-cut that you have on hand and can't get to the shop to buy one.?

Well, for those times when you need an extra shape for a project or maybe you just want to enlarge or reduce a shape that you already have in your die-cut scrapbooking stash, you can use your Brother ScannCut.

## **Watch the video tutorial below**

In the video above we have used shapes from our selection of Amy Tangerine die cuts to show you how to make your own die cuts using the Brother Scan n Cut.
