

Brother Scan n Cut Tutorial – How to Create Die Cuts From Stamped Images

BROTHER | HOW TO CREATE DIE CUTS SCANNCUT | FROM STAMPED IMAGES

alandacraft.com

Like most avid scrapbookers you will more than likely have a variety of gorgeous stamps that you use for your projects.

With the Brother ScanNCut, you can make even more die cuts using a standard mat, some card stock, and a stamped image.

Check out the video below to see just how to do it.

The awesome Brother Scan n Cut is available from Amazon, and in Australia The Brother Scan n Cut is available

from CraftOnline, Spotlight and Lincraft to name a few.
