

Brother Scan n Cut: Halloween Pumpkin Bunting Project

With Halloween just around the corner, you may be looking for something to decorate your home with, and what could be cuter than this colorful Halloween pumpkin bunting which we have made using the Brother Scan n Cut.

We chose to go with bright colors rather than the traditional orange and black just for something different and it looks great.

This Halloween pumpkin bunting is soooo easy to make using the Brother Scan n Cut.

Watch the video below to see how to make the Pumpkin face bunting
