

Brother ScanNCut Tutorial: Thanksgiving Place Card Holder

These Thanksgiving place card holders are so quick and easy to make using the Brother Scan n Cut canvas and your Brother Scan n Cut machine.

Get the kids to write the guest's names on the tag and embellish the cards. You can also write the guest's names on the tag using the alphabet in the scan n cut machine.

Watch the video tutorial below

Remember:

There are no rules so have fun and just let your imagination run wild.

You can see that we have added a second tag on top of the

first to get a 3D effect and written the name on using the brother scan n cut draw function.
