

Brother Scan n Cut: How to Make Mini Folding Envelopes

BROTHER SCAN N CUT Envelope Tutorial

These folding envelopes are really quick and easy to make using Brother Canvas Workspace and your Brother Scan n Cut machine.

You can use these envelopes in your scrapbooking projects or art journals. And if you use pretty paper you can use them to write sentimental notes to your sweetheart, or write a special message to a loved one and pop it in with a gift.

Watch the video below to see how to create them.

Or if you'd rather just download the already created cutting file then you can sign up for our newsletter for this and over 100 more free cutting files.
