

Brother ScanNCut – How to Transfer Cutting Files

One of the questions we get asked a lot is “How do I transfer the Brother ScanNCut files from the internet to my computer and then onto my Brother ScanNCut using a USB”.

We have free Brother ScanNCut cutting files available on our website for you to download when you sign up to our newsletter. You can also use this same process when you find free downloadable files on other websites.

In the video below, Paula takes you through the process.
