**SUE'S**  
**STRING QUILT**

*NOTE from Alanda Craft: Isn't Sue's quilt absolutely gorgeous. It just goes to show what you can do with your scrap stash. Sue made her quilt following our How to Make a String Quilt tutorial. I just love the way this string quilt has turned out. Inspirational. In fact, we are inspired to do another one after seeing Sue's stunning result.*

## Sue Says:

I finally finished the top of the string quilt that I learned how to do with your youtube video How to Make a String Quilt. I still have to get material for the back but I am just going to put the right sides together, sew it together, then turn it. NO BORDERS. A bit of topstitching in the ditches and I'm done.
