

Readers Project: Michelle's Baby Quilt – Easiest Quilt Ever

Note from Alanda Craft: It just goes to show how much difference the choice of fabric makes when quilting. Michelle's baby quilt looks just gorgeous with just the two contrasting fabrics. And she has finished the quilt off with the heart applique in the corner. Thank you for sharing photos of your lovely quilt with us, Michelle. You can make a quilt like Michelle's from our easy beginner quilt tutorial.

Michelle Says:

I used the easiest blanket strip quilt to make a baby blanket.

- *It looks as though Michelle has used Minky fabric on the back. This would certainly add a snuggle factor to the quilt.*
