

# Readers Project: Monica's Cardinal Table Runner

*Note from Alanda Craft: Monica's Cardinal table runner looks really lovely. She made it using this wintry themed fabric featuring the lovely red Cardinals. I think the wider border looks great. You can make your own table runner from our easy Christmas table runner tutorial. Thank you for sharing photos of your gorgeous table runner with us Monica.*

## Monica Says::

This is fabric I had bought a year ago. I just love the cardinal fabric. They are near my home year round and are also the mascot of the local professional baseball team, the St. Louis Cardinals.

I did make the outside border a bit larger than in the video...I think I used a 3 inch strip.

Thank you for the video, I have plans to make more!
