

Readers Project: Donna's Zippered Cushion Covers – Munchkins Choice

Note from Alanda Craft: Don't you just love the Donna's zippered cushion covers. And what a great idea using furry fabric for the backs. Frozen is always a firm favourite for young girls. I sympathized when I read that you forgot to open the zipper on the first cushion cover. Believe me you will never forget again. I did it once, and haven't tripped up again. It's a real struggle to get it open afterwards and takes much mumbling and the occasional cursing until it comes undone. I think your cushion covers are awesome Donna and I bet the munchkins love them. Thank you for sharing them with us.

Donna Says

These were made for my two munchkins ages 7 and 4 – they chose the fabrics including the fluffy backs. When making the first one I forgot to leave the zip open when sewing up the sides/bottom (grrrrrr) – but I only did it once ☹ I think they turned out well for a first cushion project – many thanks with appreciation to Alanda and her awesome instructions.

What a great idea. I just love the furry backs Donna has used on these cushions.
