

Readers Project: Barbara's Jinglepop Quilt

Note from Alanda Craft: Barbara's Jinglepop quilt was made using half square triangles. The beauty of this block is that it always looks great and gives you the opportunity to showcase pretty patterns especially when you use 10" or more squares. Barbara has made excellent use of the patterns in her quilt. And the red binding really makes the quilt pop.

Barbara Says:

I used 10 in squares from the Robert Kaufman Jinglepop line. These are red, white, silver and black metallics.

I didn't know what to do with the squares. I didn't want to cut them up into small pieces and lose the look of the metallics so I did half square triangles.

This is the quilt front of the Jinglepop Quilt

This is the quilt front with a sneak peak of the backing

Quilt back – compliments the quilt front beautifully
