

Readers Project: Diane's Origami Tote Bag.

Note from Alanda Craft: Diane's origami tote bag is made from left over furnishing fabric. What a great way to use up left over fabric to make something pretty and practical. You can make an origami bag from our tutorial. As you can see from Diane's bag the origami bag can be made from a variety of fabrics. They make awesome gifts for friends and family. So keep that in mind when birthdays and Christmas time comes around.

Thank you for sharing your photo of your lovely bag Diane.

Diane Says

Hi, I've had this fabric for years, after having a couch covered. Thank you for your easy to follow tutorial.
Kind regards. Diane

Watch the video below to see how easy it

is to make your own Origami bag.
